

# GIVING YOUR GUESTS THEIR BEST SLEEP

With the Premium Mattress Topper from SleepHubs

**SleepHubs**  
SLEEP BETTER - LIVE BETTER

# Our Research:

We recently featured our brand new SleepHubs Premium Mattress Topper in The Great Sleep Quality Experiment at Grand Designs Live.

Over 500 participants and 4000 individual blind-tests.

Of the 12 variables featured in the experiment, the SleepHubs Premium Topper ranked highest, with **31% of people choosing it as their favourite.**

Participant feedback shows that when the topper was added to a firm mattress, the **comfort rating increased by 50%.**

**What's more, 50% of the respondents who took part with their partner chose different products as their favourite.**

Getting the balance between comfort and support is key. A mattress must support the sleeper whilst also being soft and comfortable. With the SleepHubs Premium Topper, even the firmest of mattresses can provide soft comfort, meaning your guests can fall asleep easily and wake up having had a refreshing, restful night's sleep without aches and pains.
